EXHIBITIONS THE LOOKOUT

JULY 2014

## Jude Broughan

at Churner and Churner,  
through Jul. 18

205 10th Ave.

The 14 stitched-together compositions in New Zealand-born artist Jude Broughan's first show at Churner and Churner combine (mostly) black-and-white photographs with materials like vinyl, tape, gel medium, paper and fabric. Some of the photos look like vintage snapshots—for example, the quiet street scene in *Soft Space*—while other imagery is more abstract (*Neon Rendering*, *Bedside Lamp*). Broughan's playful arrangements highlight the contrasting textures of her various collaged materials.
