DAVE HARDY at Regina Rex

Hardy's sculptures are shown in **Regina Rex's** group booth alongside works by **John Dilg, Kristen Jensen, Elisabeth Kley, Anna Mayer, Sarah Peters, Nicholas Pilato, and Hayal Pozanti.** His minimalist found-object assemblages are made from cast-off materials like liner foam, sheets of glass, and squares of carpet. They're gravity-defying—sometimes frighteningly so (especially in the hustle and bustle of a fair)—and show an economy of means that highlights Hardy's acumen as a sculptor.
